SUMMARY

As a dedicated and adaptable individual with a background in commerce, I discovered my passion for programming and transitioned into web development. My goal is to leverage my strong foundation in web development as a stepping stone toward becoming a professional software engineer. I am committed to continuous learning and growth in the field of software development, aiming to contribute innovative and efficient solutions in a professional setting.

EDUCATION

Intermediate Government Degree KMC College (Commerce).2022/2023

Third Semester of Software Engineering Diploma at Aptech Institute (Present).

WORK EXPERIENCE

Intern - Prodify July 2024 – September 2024

Contributing to Prodify, a Notion-focused website dedicated to creating and organizing productivity-enhancing Notion templates.
